Desk clock POSIT

Code: **03091**

POSIT is the perfect desk clock. Traditional numbers on the clock face have been replaced with sticky memo cards (25 pcs/each colour), which allow us to put information about important meetings directly on the clock face or use them in a traditional way - to mark important documents. Next to the clock, there are 12 sheets of notebook that will allow you to write down the most important information that you want to have always in view. Everything is made of thick cardboard in a natural colour.
